

Architectural Cable Trays

Overview

Cable trays serve as the backbone for routing electrical, data and communication cables throughout commercial buildings. Uniklip Light Duty Cable Tray is produced in pre-galvanised mild steel to BS EN 10346:2009, all trays conform to BS 61537:2007. Open ceilings, a raw industrial look - this is the home of the Magic® cable tray systems. The special thing about the Magic® cable tray systems is their patented. Function and convenience married with the architectural appeal of MonoSystems RaceTray, a patented, easy-to-install tray system that combines the best features of the cable tray and raceway into one elegant system suitable for any environment. Perfect for universities, historical buildings. Armorduct Systems are a UK manufacturer of steel cable management systems including cable trunking, tray, basket, floor boxes, power track & more. Wide range standard cable management products & bespoke CMS solutions designed and manufactured in house.
