

Australia Telecom Fiber Optic Cable

Overview

We are laying almost 14,000km of high-capacity, ultra-low-latency fibre across Australia to build Telstra InfraCo's intercity fibre network – connecting major capital cities from north to south and east to west, and creating access points to connect regional and remote areas. AFL - Fiber optic cable, transmission and substation accessories, outside plant equipment, connectors, fusion splicers, test and inspection equipment. Boost productivity and consistency in the field with the 100S Fusion Splicer. Prepare and load two fibers simultaneously while automated. Distance: Fibre optic cables can reach up to 100km. What is the difference between single mode fibre and multi mode fibre?

There are two types of fibre optic. Need a custom fibre optic cable built to your specs?

We ship Australia-wide with fast and reliable service!
