

Cable Distribution Box Installation Costs

Overview

Junction box installation costs \$100 to \$300 for parts and labor, depending on the installation location, accessibility, and the electrical box size, material, and indoor or outdoor rating. The distribution box cost encompasses not only the initial purchase. Junction box costs range from low-price indoor models (\$10-\$60) to weatherproof units (\$70-\$450), with installation averaging \$100-\$300 depending on location and materials. If you're planning any electrical work, one of the small but important items on your list will be the junction box. The article outlines cost ranges, per-unit pricing, and practical. Whether you are a seasoned procurement officer or a first-time project manager, understanding the distribution box market is about more than just a price tag; it is about safety, scalability, and finding that sweet spot between “cheap” and “reliable. Plastic junction boxes for indoor wiring cost 50% to 80% less than metal boxes but aren't as durable.
