

Distribution box complete set of surface mounting

Overview

The offer includes system columns (for power distribution, home automation and multimedia), switchboards, distribution boards, boxes for wiring devices and junction boxes with integrated DIN rail. Panasonic Modular Distribution Boxes stand out with their stylish design, reliable safety features, and compatibility with all kinds of projects. Available in 16- and 32-module base. In addition to the high quality, the modern designs and the numerous application possibilities of our surface-mounted distributors, we attach great importance to expertise and advice. In our shop you will not only receive components for safe and modern electrical installation and sub-distribution. Designed to be concealed within walls (whether traditional masonry, brick, or plasterboard/drywall), these boards offer a discreet finish, with clean -design doors that blend.
