

Gulf Region Direct Sales Access Switch 200G

Overview

The DIS-200G Series Layer 2 Gigabit Industrial Smart Managed Switches are equipped with 8 PoE-capable 10/100/1000BASE-T ports (PoE models), 2 10/100/1000BASE-T ports, and 2 SFP ports. Featuring management interfaces, including an industry-standard CLI, and Web-based UI, the DIS-200G Serie is easy to manage and provides the controls to help protect and shape your network. Live Chat :Live chat below for all your technical. 200GE access switch (one 200GE port split into two 100GE ports), and 400GE ZR/ZR+ optical modules for interconnection at the maximum distance of 120 km This product is currently unavailable in your region. Contact us for alternative solutions. With RDMA technology, data does not need to be handled. The high electromagnetic compatibility (EMC) protects the DIS-200G Series from unwanted effects when operating in environments with strong electromagnetic interference. operate in a wider temperature range of up to 65 °C. These switches feature a robust design making them ideal for deployment in industrial and outdoor cabinet, capable of withstanding harsh.
