

P241 Relay Protection

Overview

The MiCOM P241 is a motor protection relay by Schneider Electric offering comprehensive protection features like overcurrent thermal overload differential and voltage protection along with advanced functions such as control data logging and communication capabilities. Part of the MiCOM P40 platform, the Agile P24x relays offer comprehensive motor protection, control and monitoring for both induction and synchronous motors with up to 10 RTD inputs. The relays provide enhanced diagnostics and fault analysis, optimized machine thermal image monitoring and. This document provides essential technical information for the MiCOM P24x series of rotating machine protection relays, specifically covering models P241, P242, and P243. It serves as a comprehensive guide for users, detailing aspects from initial installation and commissioning to operation. One such advanced and trusted solution is the MiCOM P241 Numerical Relay, a key component of the Agile P24xM Motor Management Series by GE/Alstom. P241, P242, P243 Technical Manual Rotating Machine Protection Relay Hardware version: J (P241), K (P242/3) Software version: 60 Publication reference: P24x/EN M/I72 CONTENTS Safety Section P24x/EN SS/I72 Section 1 Introduction P24x/EN IT/I72 Section 2 Technical Data P24x/EN TD/I72 Section 3. The MiCOM P241 is a motor protection relay manufactured by Schneider Electric.

Article Content

Micom Alstom P241, P242 & P243: Rotating Machine Protection Relay

PRODUCT SCOPE The MiCOM P241/2/3 universal motor protection relays have been developed and designed for the protection of medium sized to large rotating machines, both synchronous and

MiCOM Motor Applications

Models available: MiCOM P241, MiCOM P242, MiCOM P243 Easergy™ MiCOM P24x comprehensive protection package includes 87 differential protection and optimization of thermal image monitoring

Areva MiCOM P241-P243

Areva MiCOM P241-P243 - Rotating Machine Protection Relays. Technical Data Sheet pdf file size 1,14 MB added by BrightGreenToad

MiCOM P24x (P241, P242 & P243) Technical Manual

This document provides essential technical information for the MiCOM P24x series of rotating machine protection relays, specifically covering models P241, P242, and

MiCOM P241 Motor Relay Specifications

The document provides specifications for the MiCOM P241-Motor relay-40TE-Panel mounting relay. It has 8 inputs, 7 outputs, and supports protocols including

Schneider motor protection relay Micom P241

The MiCOM P241 is a motor protection relay by Schneider Electric offering comprehensive protection features like overcurrent thermal overload differential

Micom-P241-Motor-Protection

Alstom Motor Protection relay Micom P241 (Numerical relay) Visit the GE VERNOVA - ALSTOM Store

MiCOM P24x, Manual (global file) P24x/EN M/C52_57_JK

MiCOM P241/P242/P243 Rotating Machine Protection Relay, SW Version 57, Manual (global file) P24x/EN M/C52

MiCOM P40 Agile

The MiCOM P241/2/3 universal motor protection relays have been developed and designed for the protection of medium sized to large rotating machines, both synchronous and Induction.

Schneider Micom P241 Rotating Machine Management

Schneider Easergy Micom P241 Relay offers numerous features that ensure complete machine protection. Its comprehensive range of measurement, control

Areva MiCOM P241-P243

MiCOM P241, P242 & P243 Rotating Machine Protection Relay Software Version 51 Hardware Suffix J (P241) Hardware Suffix K (P242/3) Technical Data Sheet P24x/EN TDS/I42 This Document Should

MiCOM Agile P24x | GE Vernova

It supports PRP, HSR and RSTP in one model, allowing a single P40 model to be used in any application requiring redundant Ethernet communications. The new

Micom P241 Numerical Relay | How it Protects the Motors

Built on the well-established P40 Agile platform, the Alstom Agile P241 Relay is specifically engineered to safeguard medium voltage motors

Alstom Motor Protection relay Micom P241 (Numerical relay)

Alstom Motor Protection relay Micom P241 (Numerical relay) Visit the GE VERNOVA - ALSTOM Store SKU : Micom-P241-Motor-Protection Mfr Part No. : Micom-P241-Motor-Protection HSN Code : - Get

MiCOM P241

MiCOM P241 Rotating Machine Protection Relay P241/EN PM/Ja5 Version 57 PICS & MICS Note: The technical manual for this device gives instructions for its installation, commissioning, and operation.

Micom P241 Motor Management Relay

MiCOM P241 Motor Management Relay MiCOM P241 Motor Management Relay T& D Protection & Control fMiCOM P241 Motor Management Relay Introduction •

Micom P241 Motor Management Relay

Thermal overload, stall protection, unbalanced protection are provided, schemes are provided. but sensitive earth fault and short-circuit detection are also possible.

Micom P241 P242 P243 Numeric Protection Relays

Mashel Electric - Offering Schneider Micom P241 P242 P243 Numeric Protection Relays, Overload Relay at ₹ 225000/piece in New Delhi, Delhi. Also
