

Swedish active optical device manufacturer

Overview

Spectrogon derives its origin partly from research conducted at the Royal Institute of Technology, a leading Swedish technical university, and partly from research and development projects at AGA AB, a former major Swedish industrial group. We are one of the Nordic region's leading service companies in the field of advanced development and manufacture of products and modules that use optical metrology. Our hallmark is our experience. There are 12 Optical products manufacturers in Sweden as of April, 2026. ****. HÜBNER Photonics specializes in providing high-performance photonics solutions, including a wide range of lasers tailored to diverse applications, emphasizing their commitment to innovation and reliability. Their products enhance imaging, detection, and analysis, contributing to advancements in. We specialise in precision optics for unique needs but offer all types of optical solutions. Explore our wide range of quality solutions tailored for you. Multilens was founded in 1983 by Lars Hellström. NorthLab is a Gold Sponsor of OPD 2026, held in Jyväskylä, Finland – the largest yearly Photonics event in the Nordics.

Article Content

Cutting-Edge Fiber Optic Solutions | NorthLab Photonics

At NorthLab Photonics, we are pioneers in advanced fiber optic solutions, delivering unmatched precision and reliability. With over a decade of experience, we serve

Top Photographic & Optical Equipment companies in Sweden

Top Photographic & Optical Equipment companies in Sweden - April, 2025 Listed below are the leading companies in Sweden by revenue as of April 2025. With \$182.5M in revenue, Ricoh Sverige is

Aimpoint AB

Aimpoint Advanced Fire Control System Fielded on Carl Gustav M3 Launchers Aimpoint, the originator and worldwide leader in electronic red dot sighting technology, has announced that the company's

Multilens | Optical Solutions

Multilens – a Swedish optics company Multilens was founded in 1983 by Lars Hellström. After 35 years in the optical industry he decided to

Sweden 3D Optical Profile Measuring Instruments Market ...

A4: Sweden leads Northern Europe in smart factory adoption, with over 72% of large manufacturers employing integrated quality assurance systems, including 3D optical instruments.

Top Optical Communication Companies In Sweden In 2026

Optical communication companies in Sweden are leading providers of advanced optical network solutions for telecommunications, data center, and enterprise networks. These companies offer a

Company Information

As a leading manufacturer of optical and digital precision technology, Olympus makes a meaningful contribution to medicine, science and industry. In the hands of our customers, our high-tech products

About Smartoptics – a global Scandinavian company

We develop open optical solutions for a new era of optical networking, built on smart design principles and supported by an ambitious team

85 Top Medical Device Startups and Companies in

This article showcases our top picks for the best Medical Device companies based in Sweden. These startups and companies are taking a variety of

Visiting Aimpoint Optics in Sweden

I learned that while most of the components that go into an Aimpoint are manufactured in Sweden, the all-important glass is sourced from Denmark

Technology Partner for Optics, Photonics and Optoelectronics | Jenoptik

As a global photonics company, we focus on optical technologies and use the potential of light to advance our customers

20 Active Optical Cable Manufacturers in 2026

20 Active Optical Cable Manufacturers in 2026 This section provides an overview for active optical cables as well as their applications and principles. Also, please take a look at the list of 20 active

About Us | Spectrogon

Spectrogon derives its origin partly from research conducted at the Royal Institute of Technology, a leading Swedish technical university, and partly from research and development projects at AGA AB,

Future of Optical Transceivers: A Swedish Telecom Opto View

The global demand for optical transceivers is experiencing unprecedented growth, fueled by the insatiable appetite for high-speed, reliable internet connectivity. As 5G deployment accelerates and

Top startups in Photonics in Sweden (Oct, 2025)

Discover the top emerging companies in the Photonics Startups in Sweden, their funding activity, key investors, company highlights, and growth stages

Full List of Medical Device Companies in Sweden (2026)

Medical device companies in Sweden cover major segments like consumables, orthopaedic devices, hospital supplies, wound care, cardiovascular

Sweden's optical science & photonics infrastructure

Strategic technology area: With more than 200 active photonics companies and all major universities engaged in research and education, Sweden is a strong hub for photonics. Together with

How many Optical products manufacturers are there in Sweden in 2026

Our list for Optical products manufacturers in Sweden is one of the most comprehensive in the industry. As of May, 2026, we have compiled data on 12 verified listings.

Sweden Optical Coherence Tomography Device Market

Optical Coherence Tomography Device Market The market research industry in Sweden is witnessing stable growth, currently estimated at around €450 million, with an annual growth rate of

The short story on Tobii and its investment opportunity

Integrations Our Integrations segment supports device manufacturers (OEMs) and consumer electronic companies with a wide array of

Smartoptics

Smartoptics provides innovative open networking solutions and devices, solving network challenges and increasing the competitiveness of our customers.

Swedish Telecom OPTO

At Swedish Telecom Opto, every project is unique. We tailor our process to fit your technical and operational needs — while keeping things fast, precise, and reliable.

Top 92 Photonics Companies in Sweden (2026) | ensun

Discover all relevant Photonics Companies in Sweden, including Cobolt and Entangly

Swedish Innovation

PhotonicSweden is a national platform advancing the photonics sector and innovation in Sweden. We connect companies, academic institutions, research
