

Sypan Technology Distribution Box

Overview

IP66 plastic distribution box SHPN series has streamlined design, compact structure, easy installation, impact resistance, oxidation resistance, protection level up to IP66. Distribution box is carefully built for long service life. The range of applications extends from pure energy distribution in buildings to building automation and through to industrial plants. SMART DISTRIBUTION BOXES FOR FLEXIBLE BUILDINGS. Each fuse is designed to blow when the current exceeds a certain limit, thereby cutting off the power to prevent damage. It integrates power distribution, protection, and monitoring capabilities, and is responsible for distributing power to entire commercial or residential.
