

US APC Integrated Data Center Micro-Module Manufacturer

Overview

APC, a flagship brand of Schneider Electric, provides clean battery back-up power, surge protection, and IT physical infrastructure inside and outside the traditional IT environment to deliver certainty in a connected world. Get to know the full range of APC branded offers. Micro Data Centers provides all the reliability, resiliency, and security of a traditional whitespace in a single enclosure solution for Edge environments. Whether through integrated power systems, cutting-edge cooling, or all-in-one smart modules, these businesses are shaping the next generation. Scale Computing HyperCore paired with Schneider Electric EcoStruxure micro data centers is a configurable, secure, self-contained enclosure delivering all essential IT components for edge computing, ROBO, and disaster recovery. Delta InfraSuite is a new generation, highly integrated modular datacenter solution. It uses racks as the datacenter carrier and fully integrates all sub-systems including UPSs, cooling, power distribution, lightning protection, fire control (optional), wiring, airflow management, intelligent. Data Center Solutions designs, engineers, installs and services data center architecture that can be implemented today to dramatically improve the electrical efficiency of data centers and to reduce total cost of ownership. Data Center Solution's design and architecture is suitable for environments. Working with our Vertiv Sales team enables complex designs to be configured to your unique needs.
