

Will Benin experience a short fiber optic cable shortage

Overview

Benin's government plans to connect an additional 18 municipalities to fiber-optic networks by mid-2025, as part of its broader goal to expand high-speed internet access to all 77 municipalities nationwide. The fiber optic industry is experiencing an unprecedented supply crunch. If you have sourced optical fiber g657 cables in the past month, you have likely encountered extended lead times, skyrocketing quotes, and the dreaded words: "out of stock. It is a. She told Fierce the shortage impacts both ribbon and loose tube fiber. That makes ribbon ideal for data center deployments and situations where space is. The import trend of the Benin fiber optic cable market in Benin from 2020 to 2024 exhibited a Compound Annual Growth Rate (CAGR) of 70. In particular, the year-on-year growth rate for 2023-2024 saw a notable decline of -57.
